## **Employees Not Reached During Call Down Drills**

Page 1

Note: Due to staff vacancies in Preparedness, we did not conduct the quarterly call-down drill in Q4 2015. However, LMPHW did conduct a drill through the Health Alert Network (HAN) for key response personel, including Incident Command, Point of Dispensing and Local Distribution Site personnel, and the Public Health Information Officer. In that drill, 11% of participants did not confirm receipt of the alert. A report was completed and included an action plan to address issuess and weaknesses identified.
